

# Clinical Fellowship Opportunity

Are you a clinician looking for a new challenge?  
Come and join our research team

We are seeking a high calibre clinical research fellow to undertake a PhD programme of work focused on better understanding how exercise and diet can be used in synergy with drug therapies to optimise metabolic health

The fellowship is funded through the NIHR Leicester Biomedical Research Centre and will be hosted within the Diabetes Research Centre, University of Leicester

For more details contact Dr Tom Yates  
[ty20@le.ac.uk](mailto:ty20@le.ac.uk) or Professor Melanie Davies  
[melanie.davies@uhl-tr.nhs.uk](mailto:melanie.davies@uhl-tr.nhs.uk)
