

Twelfth NIHR Doctoral Research Training Camp

APPLYING FOR FURTHER FUNDING

21 SEPTEMBER 2021

VIRTUAL EVENT

A key aspect of a career in research is the ability to know how to put together a successful application for funding. This training camp will offer delegates access to workshops, inspirational speakers and practical experience in preparing grant proposals.

The focus of the Training Camp virtual sessions will be workshops on patient and public involvement, framing a research question, what funding panels are looking for in applications and presentation skills to panels. **This is a unique opportunity to have access to presentations from the first day of the annual Doctoral Research Training Camp.**
